There is no reason
That I can think of
Or I could imagine
Why you had to go

With no explanation
And so abruptly.
I know I have to.
But it's so hard letting go.

Refrain:
I know you're watchin' over me.
I know you'll always be with me.

Chorus:
I know you're looking down at me with angel eyes.
I never thought it would ever be this way.
And I know your love for me will make me realize
That you never went away
'Coz you're looking down at me today, with angel eyes.

Wish I could make up
For things I wasn't able
To do or say but
I should've said and done.

It's still so hard to
Move on without you.
But I know tomorrow
I am gonna face the sun.

Refrain:
I know you're watchin' over me.
I know you'll always be with me.

Chorus:
I know you're looking down at me with angel eyes.
I never thought it would ever be this way.
And I know your love for me will make me realize
That you never went away
'Coz you're looking down at me today, with angel eyes.

Bridge:

I wish I never let them slip away;
Every single chance I had to say
The little things like "Thank you", "I love you", "I'm
sorry"
I'm saying "Thank you", "I love you", "I'm sorry"

Chorus:

I know you're looking down at me with angel eyes.
I never thought it would ever be this way.
And I know your love for me will make me realize
That you never went away
'Coz you're looking down at me today, with angel eyes.

Coda:

I know you're looking down at me with angel eyes.
I never thought it would ever be this way.
And I know your love for me will make me realize
That you never went away.
You will be beside me all the way
And I know your love is here to stay
'Coz you're looking down at me today with
angel eyes.
