Yeah Yeah Yeah ãfÂçâ, -ã,Â!..Oh!
Yeah Yeah Yeah ãfÂçâ, -ã,Â!..Ah!
You know that this is our new home
This place is sacred to the bone
Don't put us up against the wall
You know that this is our home

I'd like to call this place my own
To plant this seed and watch it grow
And teach me things that I don't know yeah!

Take us, break us, trample our bones
We're made of stone, this is our home
Burn us, drown us, trade in our souls
We're made of stone, this is our home

You know you don't want me anymore
The home was yours you took the door
One minute here, one minute gone
Take us, break us, trample our bones
We're made of stone, this is our home
Burn us, drown us, trade in our souls
We're made of stone, this is our home

I said take us, break us, trample our bones
We're made of stone, this is our home

This is our home
This is our home
This is our home
