It is always the same when we meet,  
Things that you said to me are fascinate me,  
To me, it seems that its late and I am leaving you,  
Because if I stay Ill get angry,  
I cant, there is an error,  
Which have never agree with our love,  
You are saying: Ill come back soon  
We are starting again, one more time.  
Chess, I want you so much,  
How difficult is to have your love,  
Chess, I want you so much,  
How difficult is to have your love,  
No, please dont come back,  
I dont wont falsely move one more time.
