It's a drink

That goes on changing your life

A little drop of nothing

Drives you crazy

An amazing kind of crazy

Water of laughter

With a few drops of roses

And a tasty olive

And in the heat/When it comes to hot things

That's the bomb

Dance, mamita

That you drive me crazy

You're drunken by the bomb

Lovely thing, cute thing

Come up, come up, that the bomb is on

Bum, Bum turning halfway

Bum, Bum, one more turn

Bum, Bum, and on every corner

Baby give me more

Muevelo, muevelo(dance and move)

Bum, Bum turning halfway

Bum, Bum, one more turn
Bum, Bum, and on every corner
Girl give me more
What a lively night
Lived intensely
You're staying alone
Harmless
In love
Look, beautiful
The clothes go flying
The moon continues to dance
Luna gatuna (the catlike moon)
That's the bomb
Dance, mamita
That you drive me crazy
You're drunken by the bomb
Lovely thing, cute thing
Come up, come up, that's the bomb is on
Bum, Bum, turning halfway
Bum, Bum, one more turn
Bum, Bum, and on every corner
Baby give me more
Muevelo, muevelo (Dance and move)
Bum, Bum turning halfway Bum, Bum, one more turn
Bum, Bum, and on every corner Baby give me more
