A gifted man, he works so smooth
Slight of hand, his every move
Twist of fate has touched his life
Slap to the face, he won't rise and shine
Innocence has lost its style, ooh

Look at these eyes of sorrow
See in this face of pain
Look through the eyes of tomorrow
See this face of shame

Flood of lies keep getting deeper
Nowhere to hide, come down with cold fever
Love is blind now you see
You got cold, cold fever

Alibis keep getting cheaper
No way to fight, come down with cold fever
No surprise, you fall to pieces
You got cold, cold fever

To leave his past he'd sell his soul
The truth at last will let him go
Tells himself he's justified
Emotions burning deep inside
As a shadow fades into the night, ooh

Look at these eyes of sorrow
See in this face of pain
Look through the eyes of tomorrow
See this face of shame

Flood of lies keep getting deeper
Nowhere to hide, come down with cold fever
Love is blind now you see
You got cold, cold fever

Alibis keep getting cheaper
No way to fight, come down with cold fever
No surprise, you fall to pieces
You got cold, cold fever
