I wake up every morning
Into another day
Oh, when tomorrow comes
You'll find me on my way

Ain't got' nobody now
To help me along
It's harder to make it
When you feel you don't belong

Oh, hard times are over me

Yeah, I can hear that whistle blowin'
Seein' who's gonna change
Gonna take a ride tonight
Ain't never comin' back

Ain't got no money
To help me again
There's nothin' left for me
So, I guess I'm on my way

Oh, hard times are over me
Yeah, oh, save me

Rock and rollin' listen to my stutterin'
Don't you ever regret the past
Yesterday has come and gone
But tomorrow's gonna last

Ain't got nobody now
To help me along
It's hard to make it
When you feel you don't belong

Oh, hard times are over me
Oh, I'm sayin'
Oh, hard times are over me, all over me
