I watch your shadow disappearing  
I seen the smoke burning in my eyes  
How will I explain it to my heart  
The sun has slipped away since you've gone  
Even if it won't be for long  
Promise Baby you'll keep our fire burning bright  
Even if a long way from home  
We can share our dreams together  
Like the night  
Neon Moonlight  
Helping you find your way home  
I am waiting  
Listen to my heart it's calling  
Hurry up, hurry up  
You know I'm waiting  
Hurry up, hurry up  
Why don't you just come on home  
I want to smile for the world  
This is going wrong just as usual  
Get it good and hard in my heart  
And I feel that for some reason you won't call  
I brave the time to be kind  
Somedays I feel like I'm going out of my mind  
Baby I'm at ease when you were here  
I feel something's happening  
With you near  
Neon Moonlight  
Helping you find your way home  
I am waiting  
Listen to my heart it's calling  
Hurry up, hurry up  
You know I'm waiting  
Hurry up, hurry up  
Why don't you just come on home  
In a moments endless passing by  
They say distance makes the heart grow fonder  
That's what they say  
You don't need to stay away  
Couldn't love you any better  
Neon Moonlight  
Helping you find your way home

I am waiting  
Listen to my heart it's calling  
Hurry up, hurry up  
You know I'm waiting  
Hurry up, hurry up  
Why don't you just come on home  
Hurry up, hurry up  
You know I'm waiting  
Hurry up, hurry up  
Why don't you just come on home  
Hurry up, hurry up  
You know I'm waiting...
