The sun beats down, the world spins 'round, and
repeat myself again.
There's a loop inside my brain. I never learn, I never
gain, I only
turn, I stay the same, repeat myself again, repeat
myself again. It's so
absurd, it's quite insane, nothing grows, nothing's
changed, nothing
grows, nothing's changed, nothing grows, nothing's
changed, repeat myself
again, repeat myself again. There's a loop inside my
brain. I never
learn, I never gain, I only turn, I stay the same, repeat
myself again,
repeat myself again, repeat myself again, repeat
myself again, repeat
myself again, repeat, repeat, repeat, repeat, again
again again
again again again again again again again
again again again again,
repeat myself again, repeat myself again.
There's a loop
inside my brain. I never learn, I never gain, I only turn, I
stay the
same. It's so absurd, it's quite insane, repeat myself
again. Nothing
grows, nothing's changed, nothing grows, nothing's
changed, I only turn,
I stay the same, I never learn, I never gain. Repeat
myself again,
repeat myself again, repeat myself again. The sun
beats down, I only
turn, I stay the same, it's quite insane, it's so absurd,
the loop inside
my ... brain, my brain, my brain, myself again, myself
my brain, myself
again, myself again, my brain myself, myself again,
repeat, repeat,
repeat myself again.....{etc.}
