You're always on my mind  
I see the way that you look at her, right at her  
Do you honestly think she's the right girl, girl, girl, girl  
She doesn't see the light in your laughter, oh your  
laughter  
Has me begging to be in your world, world, world,  
world

If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind  
If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind

You're always on my mind, mind, mind, mind  
If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind

Let me show you just how bad I want you, oh I want you  
Like the first time you walked by with that smile  
I know you love her that's just why I shouldn't do  
What I want to do, woah  
But I haven't felt this way in a while

If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind  
If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind  
You're always on my mind, mind, mind, mind  
You're always on my mind

You're always on my mind, mind, mind, mind

If I could show you for the night  
You don't even have to try  
You're always on my mind, mind, mind, mind  
If I could show you for the night

You don't even have to try  
You're always on my mind, mind, mind, mind
