Mister jelly roll baker, can I please be your slave?

When ?...? your ?...? on I'm gonna rise from my grave

For your sweet jelly roll

Bake the best jelly roll in town

You're the only man baking jelly and you're keeping
your damper down

They say "Can I place an order for three weeks ahead?

I'd rather have your jelly than my own baked bread

'Cause I'm just crazy 'bout your jelly

I'm so wild about your jelly roll

You're the only man bakes jelly and you keeps it in your
soul"

You can take all my women, you can sure keep 'em all

I've got a brand new secret that your men can't catch
on to at all

I'm a jelly roll baker

I bake the best jelly roll in town

I'm the only man baking jelly and I'm keeping my
damper down
