Some of us live like princes, some of us live like  
queens

Most of us live just like me and we don't know what it  
means

To take our place in one world

To make our peace in one world

To make our way in one world

To have our say in one world

If you ain't got two words to say then I can't talk to you

No use crying, there's been no crime, I say it's just the  
way the wind blows

Just the name of the game, the way of the world

Way of the world

Just the way of the world

Just the way of the world

So cold and lonely, cold and lonely

Cold and lonely world

Such a cold and lonely, cold and lonely

Cold and lonely world

Cold and lonely world

It's one world, like it or not

It's one world, believe it or not

It's one world

It's one world, believe it or not

It's one world, like it or not

It's one world
