I give in, you give up
I begin and you stop
I've been falling and crawling
But now I feel so ashamed
Tell me what it takes to be the highlight of your dreams
Tell me everything is not exactly what it seems

That I'm just another girl to you
And you're more than the world to me
You're the centre of my universe
And I'm just another girl

I did not mean to fail
But my life's on a scale
I've been trying to gravitate
But I am drifting away
Can you see the pressure, how it's tearing me apart
Can't you see the ru and all the once the solid heart

I know I'm just a girl to you
But you're more than the world to me
You're the centre of my universe
But I'm just another girl

Oh
I know it's wrong
Life should not be there to wound someone
But I don't care, just as long as you're there
I've be any kind of girl

But you're more than the world to me
You're the centre of my universe
I'm just another girl to you
But you're more than the world to me
You're the centre of my universe

I give in, you give up
I give in, you give up
I give in, you give up

I'm just another girl to you

But you're more than the world to me
You're the centre of my universe

I give in, you give up
I give in, you give up
I give in, you give up
