I've seen people who's suffering  
People who's sane they say  
And religious fanatics  
People out from outer space  
And all the politicians  
Seems they're mostly insane  
All the lies and betrayals  
It's all going down the drain

Why don't we care for each other?  
Why do we still count our kills?  
It's not one or the other  
It's just how I feel

Painbringer  
Bringer of pain  
Painbringer  
Keep your distance  
Cause I don't wanna be near

And the rich who gets richer  
Inside their own court  
Looking out for each other  
And spitting at the poor

Painbringer  
Bringer of pain  
Painbringer  
Keep your distance  
Cause I don't wanna hear

Painbringer  
Bringer of pain  
Painbringer  
Keep your distance  
Cause I don't wanna fear
