"Queen Of Sorrow"

Defeating the purpose
Feeding the nervousness
Living unheated
Reading about happiness
Reaching the pavement
Meaning to be here again
Dreaming of the ceiling
Promising not to fall down again

Evening, like heaven
Morning, feel like shit again
Deeper than the ocean
Moving from pain to pain
Queen of sorrow
Don't bother
You can have her
I don't want her
I'm a fighter
I'm a lover
I'm keeping my head above water

Only the strong survive
But I know they will surely die

Dear father, sweet sister
Mother, I still miss her
I get stronger by the moment
But I wonder what's around the corner
I need something
A distraction
Something better
Something bigger
Is it worth it
To keep dreaming
If the world will soon fall to pieces

Only the strong survive
But I know they will surely die

Only the strong survive
But I know that we all will die
