All those trails leads to anywhere else  
nothing's gonna keep from me gettin' away  
every situation that I've never been through  
is gonna be the sacred path to you

Livin' on the hope of about anything else  
lonesome valley or the city street lights  
Picking up our years, whatever passes by  
even if it's not right or half alive

I went down down down  
down to the rainaway town  
down doooooown  
just a little insane but ahead of the game

Fed up with the people I use to hold dear  
looking for reaction in a dead end tear  
everybody's telling me that I should give it up  
but I feed on broken dreams alot

Only if you know me can you help me you say  
lookin' for the surface always in the wrong way  
better hold on to whatever you have  
you say it's easier if you don't have it all

I went down down down  
down to the rainaway town  
down doooooown  
just a little insane but ahead of the game

And all that i found  
was the other way around  
don't come to near  
don't feed my fear  
now everything's been said

Just a little insane but ahead of the game

I went down down down  
down to the rainaway town  
down doooooown

Just a little insane but ahead of the game  
(just a little insane but ahead of the game)  
just a little insane but ahead of the game  
(just a little insane but ahead of the game)  
just a little insane but ahead of the game  
(just a little insane but ahead of the game)  
just a little insane but ahead of the game  
(just a little insane but ahead of the game)  
just a little insane but ahead of the game  
(just a little insane but ahead of the game)  
just a little insane but ahead of the game  
(just a little insane but ahead of the game)

Just a little insane but ahead of everything
