Silent city lights sleepwalking, sailing by outside this  
train tonight,  
the sky is falling down, nobody turns around in this  
lonely town,  
and I'm kicking snow on my way back home.

Everybody's drunk, am I the only one? There is no  
escape,  
we're just having fun inside the wheel and run, I choose  
to be awake  
so I kick the snow on my way back home.

Sky go home and leave my ground alone  
Sky go home and leave my ground alone

I try and I fail, I die when I inhale, my soul leaves me  
again.  
My heart is melting 'cause you bring your celsius to this  
game of love,  
and I'm kicking snow on my way back home.

Sky go home and leave my ground alone  
Sky go home and leave my ground alone  
Sky go home and leave my ground alone

These lonely winter nights they're not gonna win this  
time,  
these lonely winter nights they're not gonna bring me  
down.  
These lonely winter nights they're not gonna win this  
time,  
these lonely winter nights they're not gonna bring me  
down.

These lonely winter nights they're not gonna win this  
time,  
these lonely winter nights they're not gonna bring me  
down.  
These lonely winter nights they're not gonna win this  
time,  
these lonely winter nights they're not gonna bring me

down.

Sky go home and leave my ground alone  
Sky go home and leave my ground alone  
Sky go home and leave my ground alone  
Sky go home and leave my ground alone
