Original gangster .. I am staying close to the edge
try to give me a push mother fucker I am fly
never touching the ground , I am gonna be here for a
while
going hard til they are killing a nigger
.. be here for beginning .. something you are gonna
remember
Do it big if I do it , this game you know you ain't
suited for the well fair
.. tell me homie when you are pissed to you .. or you
stand
.. flow too cool but the shit is still deadly .. living in your
mind
.. that's .. but I can't love them .. I am harder than the
oven
.. and although it ain't a .. go fuck a hore .. what she is
fucking for
There was out of reach used to .
. my hands .. hope doing a .. I am in ths shit
Without .. these .. niggers hard to stay , sometimes I
forget
His mother fucker is lose
Remember everybody he meant to be a boss ,
When I am stuck in the .. same old story but .. nigger
lose sleep
I promise I am stress but .. game .. I appreciate your
time

Thanks to feel
