I'm gonna call it, just like I see it  
I'm gonna state my case, as I live and breathe it  
Stop for a while, want a conversation  
I swear you're gonna like it  
I stake my reputation

I'm starting to fall in love with you  
What am I supposed to do  
Don't hold, let's see this through

Chorus:  
I can feel it all begin  
And it makes me wanna sing ooh ooh  
Joy and laughter all the way  
Baby I just gotta say, ooh ooh  
I'm a fool for you baby, I'm just a fool..

Can't believe it, you knock me off my feet  
A little bit of dynamite, when you turn up the heat  
Destination , unknown  
I'm on a trip with you, I'll go down any road  
I don't know where we're going  
Well that alright with me  
I'll follow you on this journey

Chorus

Love came knocking on my door for sure  
Not giving it up, giving up, giving it up no baby  
I might be a fool but who care I'm in love,  
I'm in love tell the world

chorus
