I got a .. for the sunshine,
Now I'm saving all my honey for rainy days,
Let's go to the front line,
Maybe the dancing rock's way,
I'm gonna buy myself some due time
..
From the day we were teens and go crazy,
It is so far away, I hear good, yeahh, so good, yeah.

Chorus:

Hooo, ..on the groove ..new day,
â€¦ to play, ohh
You got golden days.
..on the groove ..new day,
Follow on the ground and hear me say, ohh
You got golden day.

When the life slow you turns out,
We're still walking on night clouds,
Beat up the ground, hit up the skies,
Ready to take me away up high.
I feel good, yeah, so good, yeahh.

Chorus:

Hooo, ..on the groove ..new day
â€¦ play, ohh
You got golden days.
..to the groove ..new day
Follow the ground and hear me say, ohh
You got golden days.

You .. your colour is everything,
It's surely, .. the best in me,
Is told that I can see.

[Chorus:]
