Anna, all she thinks about is love, be it day or night we
know what shes thinking of

Electromagnetic skin, if you turn her on shell pull you
in..

Anna, oh, Anna, what planet are you from?
With her x-ray eyes, she looks right inside, she knows
exactly what you like
Anna, oh Anna, Ms. Analog 1

On the subject of love shes considered a genius
A modern day incarnate of the goddess Venus

BACK FOR MORE

I see that blue light shining like the Northern Star
So I follow, follow to where you are
Im walking down your street, Im stepping thru the door
Nothing underneath, cause baby Im back for more

(chs.)

Im back for more (shes back for more)
Im back for more (shes back for more)
So good before (so good before)
Im back for more (shes back for more)

You give, give, give, give, give,
You give, give, give, give, give good love

(chs.)

Im taking off my coat, youre pointing to the floor
Ooh you know what I what, you know that Im back for
more
Weve been here before and its you I adore
So let me tell you what for, baby Im back for more

(chs.)

I know the circumstances, were both taking chances
Cmon, give, give, give, give, give, to me again

Give, give, give, give
