Im going in, Im going down deep underground  
Im gonna find that moment that shines  
Im gonna find those moments that shine

Chip away, everyday, everyday I chip away,  
Chip away, everyday, like a slave... til I find

My Diamond mine  
With rocks that shine  
My diamond Mine  
With rocks that shine

(repeat all)  
(chip away everyday, til I see that spark in the dark  
baby..

Deep down I know they grow, deep down I know it  
glows  
Just gotta keep diggin just gotta keep wishin, just gotta  
keep chippin  
Til I find.
