(Intro)

Greetings, earthlings

We have now taken over your radioooo.....

(B-Real)

Goin' straight through the hole

You ain't got no game

I'm breakin' ya out the frame

Coming through like a train

Looking to take over the world is my goal

With my unstoppable crew takin' all control

You can't get none of this, we're runnin' this

Well taker, earth shaker, 3 point gunnin' this

Get out the lane, i'm comin' through

And if you don't wanna move then i'm comin' right  
through you

(Coolio)

It's like inch by inch and step by step

I'm closing in on your position and destruction is my  
mission

Though eight is not enough, your whole squad better  
duck

It's like switch when I bust

Now you're whole crew is dust

Comin' through my area, i'ma have to bury ya

The real scream team on your scream scene

It's like showdown on the range

Go tell me who wanna tangle with the  
ghetto witch-doctor neighborhood superhero?

Chorus:

(B-Real)

We want it all (want it all!)

Unstoppable, we run the floor (run the floor!)

You can't take none of this hardcore (hardcore!)

In the game we take you to war (war!)

You ain't seen nothin' like this before  
(all)  
If I hit 'em high, hit 'em high, hit 'em high  
And you hit 'em low, hit 'em low, hit 'em low  
If I hit 'em high, hit 'em high, hit 'em high  
And you hit 'em low, hit 'em low, hit 'em low

(Method Man)

Insane like a runaway train i'm in your lane  
Like it's only 3 seconds to score to win the game  
Came to bring the ultimate pain upon the brain  
Untamed, you won't like it when I change  
And you are type strange  
Make room, maniacal monster in the game  
And I got my eye on you  
Deadshot aim, as free throws keep comin' down like  
rain  
You feelin' me, I'm feelin' you  
The Monstar again, i'm tellin' you  
Pass me the rock, now i'm headed to the basket  
Get up out my way is what you better do  
My tactics is unsportsmanlike conduct  
You better ask it  
Don't get no better than this, you catch my drift?  
You get stripped by ballhandlers ruled by  
Swackhammer  
Danger, you're dealin' with official hoop-bangers  
With hang time like a coat hanger  
Jump, with thunderous 360-degree type dunks  
What up doc? The Monstar funk

(LL Cool J)

Lightning strikes and the court lights get dim  
Supreme competition is about to begin  
Above the rim, finessin' and moves is animated  
Once I get to ballin', I can't be deflated  
I'm rugged raw, my Monstars is gettin' money  
When clicks get to buggin', I'm snatchin' up their  
bunnies (Uhh!)  
Every step I take shakes the ground  
I'll make you break your ankles, son, shakes you down  
This is my planet, I'm bout business  
The best that ever done it, can I get a witness? (Uhhh!)  
Cumulus clouds bring darkness up above  
You in it for the money?  
Or in it for the love, M.J.?  
23 ways to make a pay  
Loungin' in the mothership back around my way (Uhh!)  
I'm 28 light years old

If the refs get political, dribble like Bob Dole  
Am I gettin' lyrical?  
Daddy, I think so  
Monstar droppin' flavor fluid so drink slow

Chorus

(Busta Rhymes)

Yo, god bless!!  
Pick up your chest  
Here's an example of how I can stress your full court  
press  
With finesse, I bench-press your stress whenever you  
test  
We're speed ballin', on the fastbreak just like the pony  
express  
I'm gonna mingle in your face and take the lid off  
Just use your head and forfeit the game  
You and your team just need to back off!!  
Get off my block, gimme the ball, I said it's my rock!!  
I'm startin' a line-up by gettin' y'all to bring the livestock  
Throw all your money in the pot  
And make sure you bet all your money on my bank shot  
When we come right through tell me what you really  
gonna do?  
We'll leave your team name in shame and take your  
talent from you  
While you abandon your ship, we take your  
championship  
With nothing left for you to see except the instant  
replay clip  
Money spending, goal tending, stay-bending teams  
like crash cars  
Who do they be?  
They be the Monstars!!!!!!

Chorus
