DON'T HURT THE ONES YOU LOVE lyrics\*\*\*

Another time another place  
with diferent voices  
another you another me  
made different choices  
but here we are  
baby you and I  
even if we turned the time around  
we'd make mistakes some way some how  
and end up when we are right now

don't you hurt the ones you love  
don't you hurt the ones you love  
eventually  
like a bullet from a gun  
some things can never be undone  
so easily  
with words you never said  
or said but never meant  
just as sure as stars above  
you're gonna hurt the ones you love  
you and I are castaways  
in the sea of silence  
what if help's not on it's way  
and it's all in your hands  
so here we are baby you and I  
sometimes the wind is in your sails  
sometimes you can just can't help but fail  
so let's not try and fool ourselves

don't you hurt the ones you love  
don't you hurt the ones you love  
eventually  
like a bullet from a gun  
some things can never be undone  
so easily  
with words you never said  
or said but never meant  
just as sure as stars above  
you're gonna hurt the ones you love
