Guilty lyrics\*\*\*

I guess it's just another night  
Another fight  
That all familiar scene

You looking  
At your watch again  
Saying what's the time  
And where the hell you've been

Even on the other side  
Wondering why I even try it all  
Looking to my heart again  
With your x-ray eyes  
Tell me what're you trying to see  
Can't stand the way you look at me

I put my hands up  
I put my hands up  
I guess I'm guilty  
Hands up  
I must have done whatever you accuse me of  
I stand up to hear your judgement  
It's always guilty  
But I'm gonna make a break  
Before you turn the key

Maybe my life would be easier  
Getting out of here  
And trying to make it right

There's no matter what I do  
I can't get through  
I don't wanna just get by  
You forgot we live in this  
We just exist - there's nothing left inside  
Should I tell you what you wanna hear  
And kill it with this lie  
Show you what you wanna see  
It seems to be that you need me  
To put my hands up

I put my hands up  
I guess I'm guilty  
Hands up  
I must have done whatever you accuse me of  
I stand up to hear your judgement  
It's always guilty  
But I'm gonna make a break  
Before you turn the key

And that we become this strangers  
I don't even recognise us  
'Cause nothing there to justify you  
Feeling the way you do  
But I guess all I can do is to

Put my hands up  
Put my hands up  
I guess I'm guilty  
Hands up  
I must have done whatever you accuse me of  
I stand up to hear your judgement  
It's always guilty - girl  
I'm gonna make a break  
Before you turn the key

To put my hands up  
I guess I'm guilty  
Hands up  
I must have done whatever you accuse me of  
I stand up to hear your judgement  
It's always guilty  
Girl I'm gonna make a break  
Before you turn the key

I guess it's just another night  
Another fight  
That all familiar scene
