Mmmmmm

Mmmmmm

Oh ho ho

Hey

[Pam]

I tore up the pictures

All the memories of you

Cause I don't wanna remember

All the pain you put me through

Here I go again

Can't get you far from out of my mind

And so many times I've cried

I tried to put these things behind me

Chorus

I don't wanna think about ya

I don't even wanna spend no time around ya

Everytime I can't function without ya

Everytime I sit home thinkin' about ya

I don't wanna think about ya

I don't even wanna spend no time around ya

Everytime, I can't function without ya

Everytime I sit home thinkin' about ya

[Pam]

I keep tellin' myself

I don't love you anymore

But why am I foolin' myself

Cause this feeling is not too sure

Everything I do

Just brings memories of us

And I don't wanna think about you

But I'm missing all of your love

Chorus

I don't wanna think about ya

I don't even wanna spend no time around ya

Everytime, I can't function without ya  
Everytime I sit home thinkin; about ya

I don't wanna think about ya  
I don't even wanna spend no time around ya  
Everytime, I can't function without ya  
Everytime I sit home thinkin' about ya

Bridge

My heart's lonely  
I've been so depressed for weeks  
Can't get you off my mind for me  
Someone has took the joy from me

My heart's lonely  
I've been so depressed for weeks  
Can't get you off my mind for me  
Someone has took the joy from me

Chorus

I don't wanna think about ya  
I don't even wanna spend no time around ya  
Everytime, I can't function without ya  
Everytime I sit home thinkin' about ya

I don't wanna think about ya  
I don't even wanna spend no time around ya  
Everytime, I can't function without ya  
Everytime I sit home thinkin' about ya

I don't wanna think about ya  
I don't even wanna spend no time around ya  
Everytime, I can't function without ya  
Everytime I sit home thinkin' about ya

I don't wanna think about ya  
I don't even wanna spend no time around ya  
Everytime, I can't function without ya  
Everytime I sit home thinkin' about ya
