[Pam]

If you ever to leave me
How could I breathe
How could I even go on
If you're not here beside me
Then what good would my life be
This life won't mean a thing if you're not around
And don't you know that
If I lose you there'll be no joy to be found (no)
This world won't show a thing to me, oh

Chorus

I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me
I don't wanna live
Without you, what kinda life would that be?
Oh baby (oh baby)
No baby (no)
I don't wanna smile
If you're not smiling with me

[Keisha]

If there's ever a moment
When you're not there
To share in these moments with me
It will be such a sad song
It would all just be over

[Pam]

The stars wouldn't shine as bright if you walked away
And don't you know that
There'll be no reason to wake up everyday (oh)
This world won't mean a thing to me, oh

Chorus

I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me

I don't wanna live
Without you, what kinda life would that be?
Oh baby (oh baby)
No baby (no)
I don't wanna smile
If you're not smiling with me (baby)

[Keisha]
I don't wanna see the sunrise
If I can't see it with you

[Pam]
I just know that there'll be no joy
In anything I do

[Keisha & Pam]
This world will be too sad for me, so

Chorus
I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me
I don't wanna live
Without you, what kinda life would that be?
Oh baby (no baby)
No baby (no)
I don't wanna smile
If you're not smiling with me

[Keisha]
You're not smiling with me
You're not smiling with me

[Pam]
If you're not smiling with me
