"Racial Rupture"

Black or white it's all a disgrace
Mockery of the human race
Don't think you really wanna try it
It's a total racial riot
Chorus:
Racial rupture - peace destructor
Racial rupture - blows the structure
Invasion of the poor chinese
Looks like it's become a disease
Their shattered dreams still reach some ears
And tell them of their darkest fear
Chorus:
Racial rupture - fear the blame
Racial rupture - the world's insane
Mexicans who cross the border
Driven back by human mortar
Foreign children covered with flies
Why dosen't this country open it's
Eyes
Peace destructor
