San, cudan san, sjajan suncan dan,
carobnu zemlju osjecam, miris, opojan,...pjesak, tragovi,
quiet wind whispers, voice talks to me it says the road is long.... and where are you?
like a star dust you disappeared
all I wanted was not to be alone when that wonderful dream went off
no, no,

Istok, suncan dan i san egzotican,
sa njim se opet rodi preljepi dan,
al bez tebe, ja sam opet sasvim sam.

San, cudan san, sjajan suncan dan,
carobnu zemlju osjecam miris, opojan,...
Oprosti mi, rekla si,video sam, suzne oci...
