SEPARATE WAYS lyrics\*\*\*

Today I saw  
a face I only dream of  
I recognised  
a feeling that I used to know  
from another time, a space I thought I left  
long ago

I stood a while,  
I felt my breath escape me,  
and spoke her name  
then as she turned to face me  
For a second there was something in her eyes,  
as if to say  
Nothing has ever change.

We took our separate ways,  
but in our hearts we never changed,  
we threw it all away  
could we go back once again?  
I learnt to carry on,  
I learnt to face another day,  
without her, without her trace.  
So close we nearly touched,  
I almost took her hand in mine,  
time can fall away  
but nothing can change the man inside  
or bring us back the love once we denied

A candle burn, but in the world of darkness  
I'd separate  
my life before and after her  
Now I see that nothing ever really changed,  
but it's too late

i stood a while  
i felt my breath escape me  
spoke her name  
then as she turned to face me  
for a second there was something in her eyes  
as if to say

time and tide can wait

We took our separate ways,  
but in our hearts we never changed,  
we threw it all away  
could we go back once again?  
I learnt to carry on,  
I learnt to face another day,  
without her, without her trace.  
So close we nearly touched,  
I almost took her hand in mine,  
time can fall away  
but nothing can change the man inside  
or bring us back the love once we denied
