Chorus:

Baby can we spend some time,
But if only for one night,
I wanna be together, I wanna be with you.
(repeat x2)

Verse one:

All of my days and nights,
I spend dreaming of us together.
I never realised how much of my time,
Goes to thinking of you,
You're all that's on my mind.

Repeat chorus

Verse two:

I wanna talk to you,
About the things that we can do,
Is that alright with you?
Can we work this out,
I need to be sure,
That you understand what love is all about.

Repeat chorus

Bridge:

All my days, and all my nights,
I wanna be with you tonight.
Baby can we spend some time,
I wanna be with you
(repeat x2)

Repeat chorus and bridge to fade
