I know that it's all right
I have you by my side again
You make me feel so fine
With the sunshine trough the rain
Let it go, let it flow
From the river to the sea
You and me I believe
This is a moment meant to be
We're gonna get higher than the moon
And fly above the stars
Another one bring us back to soon
Let's fly together uuuuu
Nothing's gonna stop us coming trough
I love the way it feels when I am with you
God only knows where I will be
You are beautiful to me

Beautiful, beautiful, beautiful to me [x2]

You know it feels so good
Have a since the day I found you
Your smile is like the sun
I wanna wrapped the world around you
Let it go, let it flow
Baby the set the feeling free
You and me I believe
This is a moment meant to be
We're gonna get higher than the moon
And fly above the stars
I know that it's gonna be so right
Let's fly together uuuuu
Nothing's gonna stop us coming trough
I love the way it feels when I am with you
God only knows where I will be
You are beautiful to me

Beautiful, beautiful, beautiful to me [x2]

Nothing's gonna stop us coming trouuuuuugh [x2]

I love the way it feels when I am with youuuuuuu
God only knows where I will be

You are beautiful to me
And god only knows where I would be
You are beautiful to me
