#### VERSE

The spirit's always willing when it's fed;  
When it's not fed the spirit's dead.  
And if the spirit really wants to dance  
It needs a little more than bread  
To cure the spirit's ache  
Give it a little cake!

#### REFRAIN

Come, you all kick up the cakewalk,  
'Cause we got cake.  
Lady Luck finally learn to bake.  
Who said bread? Kick up the cakewalk  
'Cause we got pie.  
Here and now, not in the by and by.  
Say good bye to trouble and famine  
It's time to laugh  
Laugh, boy, you can examine  
The fatted calf.  
Come, you all kick up the cakewalk,  
'Cause we got cake.  
Ev'ryone who is awake, walk  
To cakewalk  
'Cause we all got cake.
