If you're ever to leave me
How could I breathe, how could I ever go on?
If you're not here beside me
Then what good would my life be?

This life won't mean a thing if you're not around
And don't you know that
If I lose you there'll be no joy to be found, oh
This world won't show a thing to me

I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me

I don't wanna live
Without you, what kind of life would that be?
Oh baby, no baby I don't wanna smile
If you're not smiling with me

If there's ever a moment
When you're not there, sharing these moments with
me
It would be such a sad song
It would all just be all wrong

The stars won't shine as bright
If you walk away, and don't you know that
There'll be no reason to wake up everyday
This world won't mean a thing to me

I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me

I don't wanna live
Without you, what kind of life would that be?
Oh baby, no baby I don't wanna smile
If you're not smiling with me

Baby, I don't wanna see the sunrise

If I can't see it with you
I just know that there will be no joy in anything I do
This world will be too sad for me

So, I don't wanna smile
If you're not smiling with me
I don't wanna laugh
If you're not there to share the laughter with me

I don't wanna live
Without you, what kind of life would that be?
Oh baby, no baby I don't wanna smile
If you're not smiling with me

You're not smiling with me
You're not smiling with me
If you're not smiling with me
