Complete control
Oh, don't you know?
Complete control
Oh, don't you know?
Complete control

Oh, don't you know?
Complete control
Oh, don't you know?
Complete control

Oh, no time to be wasted
Hangin' 'round with you
I've got better things to shoot for
And little time to do

Oh, can't you see I've got it
With no help from you
I've turned around, knocked you down
And burned the bridge from you

I want control
I've got to get control
With no regrets, naturally
I want complete control

I want control
I've got to get control
With no regrets, naturally
I want complete control

Oh, changes will be made
To keep control for good
I'll change the whole world
And everything around you

And I don't need no help
And nothing from you
I'll get everything I want
You know, it will be true

I want control

I've got to get control
With no regrets, naturally
I want complete control

I want control
I've got to get control
With no regrets, naturally
I want complete control

Control
Now, I've got to get control
Control, control
Now, I've got to get control
[Incomprehensible]
1, 2, 3, 4

Oh, no time to be wasted
Hangin' 'round with you
I've got better things to shoot for
And little time to do

Oh, can't you see I've got it
With no help from you
I've turned around and knocked you down
And burned the bridge from you

I want control
I've got to get control
With no regrets, naturally
I want complete control

I want control
I've got to get control
With no regrets, naturally
I want complete control

Oh, don't you know?
Complete control
Oh, don't you know?
Complete control

Oh, don't you know?
Complete control
Oh, don't you know?
Complete control, no
