You really piss me off
Every time I open my eyes
I see that our government
Is just an enemy in disguise

They take away the rights
From those they feel aren't deserving
We're only blinded by their games
They are planning and reserving

It's just a crowd control
It will take its toll
It's just a crowd control
It will take its toll

Telling us the things
They want us to hear
Day by day
We're living in silent fear

Running our lives
Just like it was a game
Nothing's gonna change
It's always gonna be the same

It's just a crowd control
It will take its toll
It's just a crowd control
It will take its toll

It's just a crowd control
It will take its toll
It's just a crowd control
It will take its toll

In the name of the people
I call upon you to transfer the government to me
Or we will take it by force

It's just a crowd control
It will take its toll
It's just a crowd control

It will take its toll

It's just a crowd control
It will take its toll
It's just a crowd control
It will take its toll

It's just a crowd control
It's just a crowd control
It's just a crowd control
It's just a crowd control

It's just a crowd control
It's just a crowd control
It's just a crowd control
It's just a crowd control
