You've never been straight with me  
even up to this day  
What is it you wanted from me?  
What kind of game did you play?  
Your split personality  
has turned me inside out  
You promised honesty  
but gave me lies 'n' doubts  
You told me you loved me  
but all my trust you betrayed  
I lost my dignity  
Why did you take that from me?  
You told me you wanted me  
I don't need none of that crap  
You took it all out on me  
I felt abused - I was trapped  
Chorus  
It is so easy to go  
and cut me with your ego  
I cannot take no more  
What did you do that for?  
Now you've got no place to go  
you will hear me on the radio  
I am worth caring for  
What do you take me for?  
I took you by surprise  
you didn't know what to say  
You could not look in my eyes  
your conscience got in the way  
Don't act pathetic 'n' dumb  
'cause now it's much too late  
Justice will be done  
I've got no time to waste  
You stole my smile from me  
and left me stuck with your shit  
My body still remembers  
all the things that you did  
You didn't hear me cry  
but now it's time that you know  
how much you've hurt me inside  
It's much too easy to go  
You messed up - all your chances you blew

The game is up  
I'm through with you  
I'm by myself and I'm much better off  
'cause now I know  
I'll save my love for someone else!  
Repeat Chorus
