Every Story Has A Glory

Every story has told
Under light of thousand north star
When glorious to be wizard
When we proud for the silent

I have tried and tried
Looking for thousand milestones
Of yours, like the shadows
Till I found your grace

Every story has a glory
When glorious to be wizard
When we proud for silent

Happiness fade to deep misery
It seems like moon of beauty
It seems like a star upon sea tide
A dropped blood beat the happiness
