Do you remember all the ways, we've been in love
I know you better now, but still there's not enough
Please find a way, to fuse your thoughts with your
actions

If I get closer, will you fly in my direction
And if I'm asking for a sweet dream to come true
Then please tell me what to do

Give me one moment your mind, give me reason to
shine

(One moment your mind)

Is this the way you wanna be, the world you want to see

Give me one moment your mind

(Your mind)

I wanna your love, but I don't want to borrow

Have it today, and give it back tomorrow

You're making me feel so incomplete, when you're in
silence

Begging my patience, don't let love turn into violence

I miss the talk that I've been looking for long ago

Make my ice melt away

Give me one moment your mind, give me reason to
shine

(One moment your mind)

Is this the way you wanna be, the world you want to see

Give me one moment your mind

(Your mind)

I miss the talk that I've been looking for long ago

Make my ice melt away

Just give me, give me, one moment your mind

One moment your mind, your mind

(One moment your mind)

Is this the way you wanna be, the world you want to see

Give me one moment your mind

Your mind
