Let me tell you a little somethin' bout this heart of mine

I ain't gonna try to make it smile when it's really cryin'

And i won't tell you that I love you when I'm mad

But I won't tell you that I hate you,you can't get that bad

Chorus:

I'll give you my love

Well most of the time

All my affection

And a little piece of my mind

Some of my money

And a key to my car

But I'm gonna be the bossa' my heart,bossa' my heart

I'm gonna be the bossa' my heart

Now don't get me wrong 'cause baby you're my only  
one

If I seem a little cold it's from the strom I've come from

I have a histroy of missing the obvious

I nearly froze in a binding love,I won't let that happen to  
us

Repeat Chorus

I'm gonna let you

Be the bossa' who

Watches the money,picks out the restaurants

Honey you do what you wat

Aw,yes you can

Be the main man

When it comes to the practical things that living'll bring

I'm putty in your hands

But let me get one thing straight before we start

I'm gonna be the bossa' my heart,bossa' my heart

I'm gonna be the bossa' my heart
