Darlin' you've won,yeah you've captured my heart

Tender promises and strong lovin' arms

Now that I'm yours at last,you say it's happenin' too fast

Suddenly you're having secind thoughts

Chorus:

Don't maybe me,don't play those games

My heart's on go,don't hit the brakes

Kiss me crazy,sweep me off my feet

Love me,baby,do anything

But don't maybe me

You lit the fire,then you fanned the flame

You said Prince Charmin' was your middle name

Well I got news for you,Cinderella ain't no fool

After all the pretty pictures that you paint

Repeat Chorus

Could it be you're afraid to really lose your heart

Well let's get lost together,just finish what you start

Repeat Chorus Twice
