I don't want your sympathy

I can't believe you're telling me

That you don't love me anymore

You say that we can still be friends

And in time my heart will mend

Well that ain't what I'm looking for

Chorus:

And, let me cry by myself

'Cause these tears will help to wash away the pain

I know in time they will dry

But for now please go away and let me cry

Tell me is there someone new

That you've given your love to

Or is it something that I've done

Don't think I'll understand

We could come this far and then

You could leave me here alone

And.....

Repeat Chorus

I know they will dry

But for now please go away and let me cry

But for now please go away and let me cry
