Here I am standing in the mirror

I see a woman I can barely recognize

Suddenly it's all becoming clearer

I'm waking to a feeling I just can't deny

I've made the same mistakes

And I don't get it back

'Till it breaks

Chorus:

These lips weren't meant to tremble

Those eyes weren't meant to cry

These ears weren't made to listen

To someone's lies

These arms were made for holding

Someone who cares enough

To know now and forever

This heart was made to love

Not gonna hide beneath the covers

'Bout time to rise above

And reach for something more

Instead of looking for a lover

I'm gonna be someone somebody's looking for

I'll shed these broken wings

I'll fly without those things

Don't have to stand for less then living my dreams

(Chorus)

I'll shed these broken wings

I'll fly without things

Don't have to stand for less then living my dreams

(Chorus
