Fahrenheit, feel the heat in the street  
Find out what your people are sayin'  
Feel the heat in the street  
Find out what the people are sayin'  
'Bout you, yeah, you

Fahrenheit, the friends you keep lie and cheat  
And make the rules for games  
That they're playin', yeah  
When you meet on the street  
Find out all along they're playin'  
Me against you, yeah, fools

I don't care what they say about me  
I've heard that all before  
Just make this one exception  
Give me your affection  
Listen to your heart for what you need

Promise me tonight  
All the love I need  
For the rest of my life  
Promise me tonight  
All the love I need  
For the rest of my life

Fahrenheit, feel the heat in the street  
You're the one that keeps  
The boys dreamin', yeah, yeah, yeah  
And if you feel the need, come to me  
You may find what's on your mind  
May come true for you

I can tell by the look in your eyes  
There's a fear deep inside  
In spite of my arrival  
The key to your survival  
Is hidden in your dreams and desires

Promise me tonight  
All the love I need  
For the rest of my life

Promise me tonight  
All the love I need  
For the rest of my life

Promise me tonight  
All the love I need  
For the rest of my life  
Promise me tonight  
All the love I need  
For the rest of my life

Promise me tonight  
All the love I need  
For the rest of my life, yeah
