"Falling In Between"

Visit "[Falling In Between](#)" on [MotoLyrics.com](#)

I've just got to find
Find a way, back home to you girl

Life's been Hell to pay
I can't disobey,
Gotta live in my world

Chorus I
I hear voices calling
From the faces never seen
Darkness all around me
I am falling in between

You've been lookin' down
Down to the ground
On everything I say girl
Hope just can't be found
I'm so gagged and bound
Because of you girl

Chorus II
I hear voices calling
From the places I have been
Love and understanding
Only flows from deep within
Darkness that surrounds me
I am falling in between.....
