Well I'm out on the road  
And the devil's got my soul  
And I'm looking for the Lord  
In New York City

Yeah I'm out on the run  
Got some heat, got a gun  
If they don't find me soon  
It'll be a damn pity

So it's  
Goodbye girl, goodbye girl, girl goodbye  
It's so hard to see the truth with the sun in your eyes  
Goodbye girl, goodbye girl, girl goodbye  
Must be in the way that she cries, must be in the way  
that she cries  
Must be in the way that she cries

Oh there's smoke in the air and there's blood  
everywhere  
But I'm hoping that the white man don't recognize me  
I'm so sorry what I've done and I say it not in fun  
When I tell you that there's no one left inside me

And it's  
Goodbye girl, goodbye girl, girl goodbye

It's so hard to see the truth with the sun in your eyes  
Goodbye girl, goodbye girl, girl goodbye  
Must be in the way that she cries, must be in the way  
that she cries  
Must be in the way that she cries

Goodbye girl, goodbye girl, girl goodbye  
It's so hard to see the truth with the sun in your eyes  
Goodbye girl, goodbye girl, girl goodbye  
Must be in the way that she cries, must be in the way  
that she cries  
Must be in the way that she cries

*[Instrumental break]*

So it's  
Goodbye girl, goodbye girl, girl goodbye  
It's so hard to see the truth with the sun in your eyes  
Goodbye girl, goodbye girl, girl goodbye  
Must be in the way that she cries, must be in the way  
that she cries  
Must be in the way that she cries
