I don't know if you'll understand
But I'm hopin' that you'll follow me down to the
waterway
I'll be there if you change your mind
Listening to the ticking of the hands on a clock, working
overtime

If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl, oh

Now you're here standing next to me
I've seen your face on every girl that I've held since you
went away
It's getting late and I have to know
I'm mending the wings of a heart that was broken, not
so long ago

If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl, oh

If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl, oh
