I'm holding on  
It's all that I can do  
I can't imagine  
Me without you  
All alone  
I close my eyes  
And wake up screaming in the middle of the night  
This heart  
Don't need it anymore

Swear your love  
Say that you remember  
Share your love  
Hear me calling out your name  
I swear my love  
Wait a little longer  
How will it feel to be left  
Standin' there all alone

You're on your own  
If you walk through that door  
I'm kust a man  
I can't give anymore  
Somewhere deep inside  
There's a memory that keeps you run and hide  
You gotta know  
You got a place to go

(chorus)

Somewhere deep inside  
There's a memory that keeps you run and hide  
You gotta know  
You got a place to go

(repeat chorus, fade)
