Queen of hearts and sister vanity. took me by the hand  
to show me royalty. in this castle so many things to see.  
and all I could become, a knight wasted away. I said  
ooh ooh...it's not any thing

Did to me. it's not what you made me feel I did to you. I  
cry, angry that I played the fool. for these are the tears  
of my own shame. even just a page I never thought to  
read. and the writing on the wall became a tapestry. the  
blues I felt , the reds they blinded me. and all the  
greens only taught me jealousy. (repeat chorus) and I  
am not what I care to be. and she is not what I came to  
see. and like some shakespearean tragedy. that in the  
end I have to question...finally. (repeat chorus)
