

Kyng "Roses"

Slowing breathing slowing down
I'm crawling in my hole
The river flowing through my soul
The river never ends
Pages locked within your mind
That I was meant to see
The bridges that we never crossed
The roses are now gone

Chorus:

Reflections of me tearing at the womb
I watched you bleed then fall apart shortly after
Buried and I'm overshadowed so just leave me
Where I stand
I don't need it, I don't want it, I don't
I don't need it, I don't want it, I don't
I don't need it, I don't want it, I don't
I don't need it, I don't want it, I don't

I don't need it, I don't want it, I don't

It's broken now and I'm to blame
Her scent was washed away
I can't remember why we laughed
Not laughing anymore
Hold it over, hold it down
Regretful are these days
The fog that smiles in my dreams

[Chorus]

I can only hear lies told in the name of love
I can see all the lights through the eyes of the moon
(the moon)
