2, 000 years ago, a sacrifice was made for us  
When the holy Lamb of God gave His all upon the cross  
It's easy to forget, cause it happened long ago  
The details aren't important, plus we already know  
We sanitize brutality  
We casually let it wash right on past our heads  
For our comfort, we maintain and live our life that way  
instead  
We sanitize brutality

Antiseptic bloodbath  
Sanitize it, please  
Don't upset my comfort zone  
Brutal truth, leave me alone

The Bible is given to those who receive,  
But never forget what it took to achieve  
The black ink on white tames the bloodiest price  
The pages are dripping with the blood of Christ

The blood of cloven hoof and feathered fowl stains the  
floor, and no one but the workers hear their screams  
and the gore  
Their miserable lives were never meant for us to see  
So we who do not kill them, we accept it by degree  
We sanitize brutality, we sanitize brutality  
Pneumatic bolt to pierce the skull, dispatch them one  
by one  
Terrified, they look on, but there is nowhere to run  
Crammed in wire cages, mutilated and defeated  
On a factory farm, of any life they're always cheated

Antiseptic bloodbath  
Sanitize it, please  
Don't upset my comfort zone  
Brutal truth, leave me alone

Their various parts packaged up oh so nice  
You can't see the blood as it sits on the ice  
The life from their bodies all washed down the drain  
You buy it so they do it over again

Let not yourself become detached from innocent  
spilled blood  
But I cannot let my painted world get dragged right  
through the mud  
I cannot bear to look my suffering Savior in the eye  
I cannot bear to hear their piercing screaming as they  
die

Antiseptic bloodbath  
Sanitize it, please

Onward, Christian soldiers, marching as to war  
With the cross of Jesus going on before  
Christ, the royal Master, leads against the foe  
Forward into battle see His banners go  
Onward, Christian soldiers, marching as to war  
With the cross of Jesus going on before
